DEAR MADAM: — The reputation of the Medical Discovery, in curing all kinds of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power, in relieving all, and curing most of these diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH, Is cured as if by a mirsole; your own temper is restore to its natural sweetness, and your babe from short am fretful naps to calm and sweet slumbers; and the Medica Discovery becomes a fountain of blessing to your husband and household. In the more advanced stages of OANKER
It extends to the stomach causing DYSPEPSIA.

ich is nothing but canker on the stomach; then to th creating a sinking, gone feeling, and an indifference ever to the cares of your family.

Your stomach is

BAW AND INFLAMED, your food discresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonous fluid of the canker eats it up: then your complexion loses its bloom and becomes sallow and greenish, and your best day is gone. For want of nourishment your system becomes loose and fishby, and the fibres of your body become relaxed. Then follow a train of discusses which the Medical Discovery is peculiarly adapted to

OURE: Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases, the PILES.

How many thousand of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure," In the NIEDICAL DISCOVERY
